CONGRESSIONAL HAPPENINGS IN WASHINGTON

By CLARENCE J. BROWN
Member of Congress,
Seventh Ohio District

Queen Wilhelmina of the Netherlands was a guest at the White House last week, and delivered an address to a joint session of the Congress on Thursday in which she outlined her nation's aims for war and peace. Later the same day, in a ceremony broadcast from the Washington Navy Yard, President Roosevelt presented the Queen and her government with an American submarine chaser as a symbol of the unity existing between the United States and the Netherlands.

As was predicted, President Roosevelt late last week sent to Congress a message vetoing the recently enacted Gillette Bill, which would have created an independent rubber supply agency to provide an adequate amount of synthetic rubber produced from alcohol. At the same time the President announced the naming of three men to a committee to survey and investigate the rubber situation. Bernard M. Baruch, who served as head of the War Industries Board in World War No. 1, is chairman of the committee, with Dr. James B. Conant, President of Harvard University, and Dr. Karl F. Compton, President of Massachusetts Institute of Technology, as the other members. Sponsors of the Gillette Bill have agreed that any movement to override the President's veto will be held in abeyance until the Baruch Committee has completed its study and made its report to the President. The committee has authority to study the present rubber supply, the military and essential civilian needs, and the various processes for the manufacture of rubber.

During the past week there has been much concern in official circles over developments in both Russia and India. Every attempt is being made to get United Nations aid—especially planes—to the Russian armies, defending the Caucasus. Threatened passage of a resolution by the United Nations to support the Russian revolution by Gandhi and his followers may create a real crisis in India for the British. While British officials have announced that strong measures will be taken to crush any uprising in India, most Washington observers feel that any real revolt among the more than three hundred million inhabitants of India would prove most dangerous to the United Nations cause.

Trial of the eight Axis saboteurs, who landed on Long Island and Florida beaches and were quickly picked up by F. B. I. agents, has been completed by the special Trial Commission sitting in Washington. The findings of the Commission, together with the evidence, have been submitted to the President, who up to the time of preparing this column, has not announced the sentences to be imposed. However, most observers believe that the death penalty will be invoked upon at least seven of the saboteurs, with the possibility of one, who furnished helpful evidence to the government, being given imprisonment. The action of the Federal Court in Detroit late last week in sentencing German born Max Stephan to death for treason, in connection with aiding an escaped Nazi prisoner of war, indicates that stern treatment is to be accorded all traitors. Incidentally, Stephan is the first person to be sentenced to death for treason since the Whiskey Rebellion one hundred and forty-eight years ago. In the meantime the F. B. I. continues its roundup of suspected Axis agents. Eighty-seven arrests have been made in New York within the past few days, with a considerable number of other suspected persons being apprehended elsewhere in the country, including two in Cincinnati.

According to Bureau of Labor statistics, the income of the average city family was seven percent higher during the first half of 1942 than during the same period last year, with average family expenditures being increased by a little less than two percent, although average living costs increased almost eight percent. This means, of course, that most city families have been buying smaller quantities of goods and services than in 1941. During the same period of time savings were increased by seventy percent. During the first half of 1942 cash income from farm sales totaled five billion seven hundred and seventy-three million dollars as compared with four billion twelve million dollars for the first six months

COURT NEWS

DIVORCE SUITS

Charging that all letters he received from the defendant during their courtship were written by her mother, Carson N. Huttsell has filed suit for divorce from Amanda Irene Huttsell, 818 Austin Ave. Flint, Mich., in common pleas court.

The plaintiff charges neglect and fraud as the basis for his suit, which was the only new divorce petition filed here this week. The couple were married June 25, 1941. In the petition the plaintiff claims his wife was a "lazy, slothful housekeeper."

CHARGES CONTRACT BROKEN

Charles I. Beaver, doing business as the Charles I. Beaver Realty Co., has filed suit against C. W. Rue for \$175, representing the commission due him on a contract by which he was to sell property in Xenia city but which allegedly was sold by Rue before the contract expired.

ASK DEED CANCELLATION

Seeking cancellation of a deed and reconveyance of a lot in Forest Lane subdivision in Bath Twp., Clayton E. and Bernice W. Wall have filed suit against Roscoe Dorsett and Roy D. Kirk.

DIVORCES GRANTED

Divorces were granted as follows: Mabel Elizabeth Russell from Russell Edgar Russell, Harold Carter from Donabelle Carter and Robert E. King from Clara King.

PARTITION ORDERED

Partition of property in Bowersville was ordered in the case of Elta Wells against Adda Shadley and others.

ORDER SALE

Sheriff's sale of property was ordered in the case of the First National Bank, Osborn, against Kirby Rudolph and others.

ORDER CORRECTION

Correction of a deed was ordered in the case of Edward C. Sessler, executor of the estate of Catherine A. Sessler, against Henry F. Sessler and others.

APPRAISE ESTATES

Estate appraisals by probate court include the following: Annie Harriman; gross value, \$2,062.42; deductions, \$199.97; net value, \$2,862.45. S. K. Turnbull, Jr.; gross value, \$5,373.80; deductions, not listed; net value, \$5,373.80. Rachel Ary; gross value, \$1,171.02; deductions, \$1,171.02; net value nothing.

EXECUTORS NAMED

E. C. Sessler was appointed executor of the estate of Catherine Sessler, late of Jefferson Twp., without bond and George D. Juebers and Mary Elizabeth Simpson were named co-executors of the estate of George Thompson Simpson, late of Xenia city without bond.

ORDER APPRAISALS

Appraisal of the estates of George Thompson Simpson and Florence Fry by the county auditor was ordered.

NAME APPRAISERS

William H. Fishback, George William Miles and Thomas J. Harris were appointed to appraise the estate of Lewis B. Williams.

CONFIRM SALE

Sale of real estate in the estate of Virgil A. Hetzel was confirmed.

TRANSFER AUTHORIZED

Walter C. Shroad as administrator of the estate of Mary B. Shroad was authorized to transfer real estate.

SALE ORDERED

Sale of real estate in the estate of Lewis B. Williams was ordered.

MARRIAGE LICENSES

(Granted)

John Everett Russell, Fairfield, sheet metal worker, and Frances Louise Dale, Xenia, R. R. 3, Rev. L. A. Donnelly.

James Warren Matthews, Xenia, R. R. 3, clerk at Wright Field, and Elizabeth Ann Alexander, Spring Valley, Rev. T. M. Scarff, Spring Valley.

John Abbott Bell, Cedarville, carpenter, and Mrs. Ethel Bruce, Cedarville.

Chester Lee Carter, Wilberforce, student minister, and Thelma Elizabeth Casson, Wilberforce.

Charles Ensley Voorhees, Xenia, R. R. 5, farmer, and Mrs. Nora Mae Sturgeon, Xenia.

Clarence Noland, 28 W. Main St., laborer, and Dorothy Shaw, Xenia, R. R. 4.

W. R. McCHESNEY

Scrap Drive On Farms Starts Monday

Greene County's estimated 2,400 farms will be visited systematically, and methodically, starting Monday, when an intensive campaign for scrap iron to help the war effort will be launched.

Aimed at the accumulated scrap materials from discarded farm machinery and other sources that provide a "mine above the ground" on the county's farms, the present continuous drive will be intensified on a highly organized basis, according to Stanley Hetzel, county chairman of the salvage section of the War Production Board.

The project will be directed from maps on which each section of the county is zoned. It will not touch the county's municipalities, which will be left to scrap dealers.

William Wilkinson, Jasper Station, has donated use of ground adjacent to railroad tracks there for a scrap yard and here a collection foreman and two yard men will be posted. The foreman will dispatch trucks being contracted for by the government and manned by a driver and two men supplied by the government. He will also make a continuous survey of the territory to see that no farm is missed.

Greene County Tax Collector Here Monday

County Treasurer Harold L. Fawcett's deputies will visit Greene County villages for the convenience of taxpayers starting Monday.

They will follow this schedule: Spring Valley National bank, Monday; Miami Deposit bank, Yellow Springs, Tuesday; Farmers and Traders bank, Jamestown, Thursday; First National bank, Osborn, Friday and the Cedarville Building and Loan Monday, Aug. 17.

Prepare Ration Books To Cover All Items As Needs May Arise

Washington, D. C., The office of Price Administration disclosed today that it is preparing a universal ration book which can be issued to each citizen for use in rationing any commodity or article as need may arise.

"Such a book is being designed experimentally at the government printing office," said Paul M. O'Leary, deputy OPA administrator in charge of rationing.

"If it can be made workable, we will have an instrument that would enable us to start a rationing program almost overnight, instead of having to take 6 to 10 weeks, as in the past, when we have had to let the emergency wait while we got millions of coupon books printed."

It is expected that clothing having wool and all shoes will be sold late this fall only on ration orders, such as sugar is now sold.

FOR COUNTY AUDITOR

JAMES J. CURLETT

College Campaign Open Sept. 1

Announcing the opening of Cedarville college for its 40th year, Sept. 15, President W. S. Kilpatrick, points out that high school graduates enrolling at Cedarville will find a wide variety of possibilities open to them as they plan their college work. The college will open its 49th year fully equipped and staffed to prepare students in all regular departments.

A majority of incoming freshmen will begin a course leading either to the Bachelor of Arts, Bachelor of Science, or Bachelor of Education degree. It will be possible for students to earn any of these degrees in three years or less by attending summer school also; or the regular four-year program can be followed.

Due to the shortage of trained teachers for the public schools, many students will also prepare for the temporary elementary teaching certificate. Requirements for this can be met in two years, or less with summer school work.

Other students are entering to take two to four years of pre-professional courses. They will then transfer to universities elsewhere to complete work in engineering, medicine, theology, etc.

Men students regularly enrolled at Cedarville college can enlist in some branch of military service on the reserve basis, thus being permitted to complete more college work than would otherwise be permitted.

Many working opportunities and a limited number of loan funds and scholarships are also available further to reduce a student's costs. Rooms for girls are still available at Harriman Hall.

Crouse Purchases

Township Fat Calf

Rain on the last day of the Greene Co. fair Friday upset the schedule so that the harness racing program was unable to start until 4 p.m. while horsemen waited for the afternoon sun to dry out the track.

However, the annual auction of baby beef following judging in the 4-H beef club was held in the showing ring of the cattle barn Friday morning with Kogler and Standley, Beaver Creek twp. auctioneers, crying the stock.

Walter Cullice, Xenia, wholesaler, purchased the grand champion Angus steer, owned by Joseph Hutchison, Beaver Creek twp., for \$165.24 or \$17 per 100 pounds. The reserve champion, a Shorthorn, owned by Marcus Townsley, Cedarville, weighing 1051 pounds, was sold to C. H. Crouse of Cedarville for \$173.41 or \$16.50 per hundred. Roger Conklin, near Xenia, showed the first place Hereford, which weighed 342 pounds and brought \$15.25 per 100 when sold to Cloissey Anderson, Xenia dealer.

Twelve animals were sold, Cullice buying two; Anderson, three; Crouse, two and Flanner Mollinger, Springfield, five, for the Wilson Packing Co.

The calves weighed a total of 10,849 pounds for an average of 904 and brought \$102.65 for an average of \$135.14 per steer or \$14.95 per 100 pounds.

1000 Catfish Placed In Local Lake

Under the direction of E. E. Stroup, county game warden, the State Conservation Department last week placed 1,000 channel cat fish in the lake east of town. Each weighed from one to three pounds each. The fish were purchased from commercial fishermen in Lake Erie and only a few failed to survive the long trip.

4-H CLUB WINNERS

County winner in the annual 4-H Club dress revue, directed by Mrs. Dorothy Stambach, home demonstration agent, was Miss Margaret Stormont member of the Blue Ribbon Club of Cedarville township. Miss Effie Mavapalos of Xenia club placed second.

Claire Stormont, last year's winner, placed third. Miss Mary Esther Knisley, Silvercreek township, placed first in the complete costume revue. Miss Bernice Tharp, Home Demonstration agent in Preble Co., judged the dresses in the revue which was held Friday evening before the grandstand in the Greene Co. fairgrounds.

IS CRITICALLY ILL

Word has been received here of the critical illness of Mrs. John Glessenger, formerly Belle Cline of this place, in a Detroit Hospital. Little hope is held for her recovery following an attack of heart trouble.

BROWN RE-NOMINATED

CLARENCE J. BROWN

College Opens On Sept. 15

The Board of Trustees of Cedarville College will ask the people of Cedarville and vicinity to subscribe the sum of \$15,000 as their part of the \$100,000 necessary to develop the enlarged self-help program. It was announced by President Walter S. Kilpatrick today. The campaign has been set for September 1 to 21.

The money will be used to apply on the purchase price and development of the 205 acre farm, and the adjustment of the college to the study-work program, President Kilpatrick stated. Cash gifts and pledges over two years will be asked for in this campaign this time. The campaign will be under the direction of a local committee of representative citizens.

"Enthusiastic response has greeted the announcement of our new student self-help program," President Kilpatrick said. "Friends everywhere are agreed that such a program will greatly widen Cedarville College's field of service. Plans have been made for the rapid development of the new college farm. The Board of Trustees is confident of the whole-hearted cooperation of the entire community in the campaign to secure this \$15,000."

Control of Weevil

Urged Over Ohio

Columbus, O. With farm and terminal storages bulging with wheat, control of weevil infestation is essential to the war effort, T. H. Parks, extension entomologist at Ohio State University, warned.

Parks said the infestation could be controlled by fumigation with carbon bisulfide or a substitute as soon as presence of the weevils is detected. Cost of the treatment is low and carbon bisulfide can be used without hazard if proper precautions are observed.

Parks said grain fumigation is most successful when temperatures are above 75 degrees and when there is little or no wind. Three pounds of carbon bisulfide, he pointed out, are needed to treat each 100 bushels of grain.

George G. Sanders Died Tuesday Morn.

George G. Sanders, 61, farmer, formerly of this community died Tuesday morning at his home near Jamestown, following an illness of a year from heart trouble.

The deceased was a native of this county and a member of the Jamestown Methodist Church and Cedarville Masonic Lodge.

He is survived by his widow, Helen Hocker Sanders, a son, Robert M. and a daughter, Nancy Jane, both at home.

The funeral was held from the home Thursday afternoon, with burial in Jamestown Cemetery.

INCREASE BOND

W. L. Cline as administrator of William M. Cline has been ordered to file additional bond of \$42,000.

NEW COMMITTEEMAN

The deceased was a native of this county and a member of the Jamestown Methodist Church and Cedarville Masonic Lodge.

He is survived by his widow, Helen Hocker Sanders, a son, Robert M. and a daughter, Nancy Jane, both at home.

IS CRITICALLY ILL

Word has been received here of the critical illness of Mrs. John Glessenger, formerly Belle Cline of this place, in a Detroit Hospital. Little hope is held for her recovery following an attack of heart trouble.

New Testaments For Frat Members

The Chi Mu Delta Fraternity of Cedarville College recently presented four of its members who are now in the United States armed forces with pocket-size editions of the New Testament. The khaki-colored covers were stamped with the owner's name and the frat symbols. Those who received the gifts are Robert K. Allen, R. Henry Campbell, Robert Guthrie, and Layden H. Wilson.

Wilson was president of the fraternity last year and Campbell held the office of Secretary-Treasurer. Guthrie and Wilson graduated from Cedarville College last spring, and Campbell and Allen both were members of the sophomore class.

According to letters received from the boys by Keith Wright, acting secretary-treasurer of the organization during the summer months, they will appreciate letters from friends in this vicinity.

Layden H. Wilson is stationed at Fort Benjamin Harrison, Indiana. His full address is Company C 2nd Platoon 1st Finance Training Bn., Fort Benjamin Harrison, Ind.

Campbell can be reached by writing to Pvt. Ralph H. Campbell, Co. K 1st Platoon, 3rd C. W. S. Tbg. Bn., Edgewood Arsenal, Md.

Guthrie, senior class president last year, is stationed at Savannah, Ga., in the Army Air Corps. His address is Walter R. Guthrie, 180th Q. M. Platoon, S. C. (Avn.), Hunter Field, Army Air Base, Savannah, Georgia. Allen's address is Pvt. R. K. Allen, 55th Supply Sq. A.A.F.T.C., Y. M. C. A., Montclair, New Jersey.

Wilbur Conley One Of Four Elected

Four directors of the Greene Co. Agricultural society whose terms expire this year were re-elected at the county fair last week by votes cast by holders of membership tickets. They are J. Weir Cooper, Xenia Twp.; Wilbur Conley, Cedarville Twp.; Delmar Harner, Xenia Twp.; and Walter St. John, Silvercreek Twp.

They were named for three-year terms. Terms of six more expire in 1943. They are B. U. Bell, Xenia; N. N. Hunter, Jamestown; Mrs. L. H. Jones, Miami Twp.; A. B. Lewis, Silvercreek Twp.; Earl Rittenour, Ross, Twp.; William Wilkerson, Osborn.

Those in the 1944 class are: R. K. Haines, Xenia Twp.; Weller K. Haines, Spring Valley; Harold Van Pelt, of Spring Valley.

O'Neal Warns

Farmers Against

Foes In Labor

Charging the national administration and labor groups worked "hand in hand against us" in the recent congressional fight over farm parity prices, Edward A. O'Neal, president of the American Farm Bureau federation said today farmers should "wake up to what is happening in this country."

"No farmer could have observed the labor groups and the administration working together in the recent battle over farm prices without being gravely concerned," O'Neal said at a farm rally.

"If people are not willing to pay parity prices for food now, when incomes of consumers are enormously high, will they ever be willing to pay them, and will any national administration stay with the farmer in his demand for parity?"

Drierite Company To Locate In Xenia

The W. A. Hammond Drierite Co., Yellow Springs, is to locate in Xenia, we are informed, having purchased the Ed Hunt Brom factory building. The company originated in the Springs with Mr. Hammond the inventor and owner.

A few years ago Mr. Hammond gave a substantial sum toward the erection of a new addition to the high school building on a site formerly owned by the late John Bryan. It is said Mr. Hammond has been at odds over public school management, he formerly being a member of the board resigning last fall.

30,000 DRESSINGS NEEDED

Xenia and Greene co. working under the Red Cross have been assigned a monthly quota of 30,000 army dressings. Materials for the dressings will arrive September 1 and twelve women have completed instructions in the work.

BUY WAR BONDS

McCHESNEY AND TURNBULL ARE NOMINATED

With about a fifty percent local vote in the face of light votes in other counties the primary election was uneventful. Democratic voters were few and far between here as well as over the county.

Both local candidates, Dr. W. R. McChesney and Hugh Turnbull, were given splendid support for state representative and county commissioner. Dr. McChesney led the local vote in the four precincts with Gov. Bricker following close and Clarence J. Brown, third. We have some unofficial local figures the vote being given in the following order: Village North; Village South; Township North; and Township South.

JOHN W. BRICKER

Republican Ticket—
John W. Bricker 90-73-45-75
W. R. McChesney 97-77-46-72
F. M. Chambliss 5-5-4-8
Hugh Turnbull 79-66-34-60
Walter Nash 21-17-18-21
James J. Curlett 83-62-40-69
Clarence J. Brown 77-60-40-62

On the Democratic ticket for Governor Ferguson received a total of 14 votes in four precincts. Kniesley 8, McSweeney 12.

For State Representative R. E. Crone received 23 votes in the four precincts. Harner for commissioner, 26 votes. There was only about 30 votes cast in the four precincts for Democratic nominees.

The county vote was as follows for the Republican ticket:
John W. Bricker, Gov., 2,384.
Clarence J. Brown, Congress, 2,023.
W. R. McChesney, Rep., 1,823.
F. M. Chambliss, Rep., 826.
Hugh Turnbull, Com., 1,364.
Walter Nash, Com., 1,238.
James J. Curlett, Auditor, 2,261.
F. H. Clark, Auditor, 228.

In justice to Mr. Clark it should be stated that he withdrew as a candidate upon entering the Air Service.

Democratic county ticket—
John McSweeney, Gov., 123.
Joseph T. Ferguson, Gov., 282.
Clarence H. Kniesley, Gov., 147.
George H. Smith, Gov., 442.
Carl H. Ehl, Com., 83.
R. E. Crone, Osborn was nominated for representative; Jacob Harper, Beaver Creek Twp., for commissioner, and Farrel S. Miller, Xenia, for auditor, were without opposition.

R. B. HOWARD ELECTED

Raymond B. Howard, London, publisher, carried each of the nine counties in the Seventh District for State Central committee. Miss Margaret Baker, Springfield, had like honors conferred on her for Committeewoman.

GYM LEVY CARRIED

The special \$7,000 bond issue to complete the Ross Twp. school gym was approved by the voters by a vote of 106 to 10.

FOR COMMISSIONER

HUGH TURNBULL

FRIDAY, AUGUST 14, 1942

ISOLATION BUT A BOGUS ISSUE

The New Deal cry of "isolation" against members of the House and Senate that would not submit to being a rubber stamp for the Roosevelt-Willkie internationalists proved to be a bogus issue so far as the voters in five states were concerned at the Tuesday primaries. With the Roosevelt New York Bowry smear gang in operation one would have concluded the New Deal Dealers had an option on "patriotism" and it was being issued only on "priority."

No president of the United States ever received a public rebuke such as the voters of Dutchess county, N. Y., home of the Roosevelts, gave when they renominated Rep. Hamilton Fish on the Republican ticket by a six to one vote over his New Deal Republican opponents. Even Roosevelt's own precinct gave Fish a commanding majority.

The smear gang in Cincinnati composed of New Deal Republicans, Democratic federal job holders and Herbert Bigelow Socialists tried to defeat Charles Elston for the Republican nomination for Congress but he was nominated by a four to one vote over Capt. Victor Heintz, who had been misled in becoming a candidate. Elston defeated Heintz in his own precinct by a vote of 98 to 28. The Democrats nominated William Hessler, radio commentator and author of socialist note for Congress. In the Seventeenth District Rep. Cleveland, R., won over the opposition of the New Dealers and the Roosevelt-Willkie smear artists. A few days ago Sen. Barkley, D., Ken., in a speech said he did not like that word "smear" and evidently the voters do not care much about it or even being influenced by it. But the Senator can expect much more of it in the fall campaign to cover up corruption in war contracts, the rubber and sugar scandal and Russian regimentation of a supposedly free people.

To cover graft and corruption in the New Deal administration, keep the public mind off the synthetic rubber scandal which had been exposed over the radio by Fulton Lewis, and espouse the cause of Communism under a war time banner, the New Dealers cooked up the "smear campaign" but evidently the voters in Ohio as well as other states refused to swallow it.

WILL BARUCH REMEMBER THE FARMER?

The synthetic rubber situation is in about as much of a turmoil as anytime since the New Deal placed tires under rationing. It is surprising how little the Washington leaders have to say as to why American owned rubber was not on this side of the Pacific on December 7th when Japan took over an estimated 350,000 tons.

Congress through the so-called "farm bloc" forced a break in a well designed plan to place control of synthetic rubber under oil interests with New Deal backing. It was this law passed by both Houses with little or no opposition that Roosevelt loaded with a veto last Thursday and at the same time, under what authority we do not know, set up a board to "study" the rubber situation as if congress or the nation did not know just what it was all about. An seventeen-year-old auto driver who has had to purchase tires knows as much of the fake side of the synthetic rubber movement as do his elders.

For that reason little can be expected from the newest bureaucratic board composed of two university presidents and a Wall Street economist. The farmers and grain growers of the nation have not yet forgotten the part one member of this board, Barand M. Baruch, played in the wheat price control under Woodrow Wilson in the First World War and what happened to them when Herbert Hoover let his foot slip and followed the Wall Street economist, much to the detriment of the farmer's pocketbook and the Hoover political reputation.

There is no question but that the New Deal is openly and secretly pledged to the oil interests for their plan of synthetic rubber regardless of the fact it will cost more to produce it. It is also known the Agricultural Department is against the use of wheat, the cheapest, the easiest and by far the quickest material that can be used for synthetic rubber even for auto tires. It is going to be interesting to watch developments. Congress is in partial recess but it is claimed the "farm bloc" has enough votes anytime to override the Roosevelt veto.

Canada has just planned to use her surplus wheat for synthetic rubber to aid the wheat market and her grain producers. Germany has been using synthetic rubber made from oil products to a large extent from the time war was declared. Russia has her war craft tired with synthetic rubber made from wheat. Meantime the New Deal politicians polly-fox around on the issue to blind the public.

The issue this fall is going to be rubber tires for everybody, even the synthetic rubber variety and the cost will be a big issue when the voters enter the polls. The New Deal is determined now to force the highest material on the motoring public because it was first proposed and the Democratic politicians are standing by awaiting the day when riches will fall their way as payment of supporting the interests proposed by the oil syndicates. Mr. Farmer can not expect relief for his wheat market even under the newly appointed board unless the issue is clearly defined before the November election, for this board will not likely report until after that date. If the farmer who rides in the popular priced cars wants tires that will cost him more than twice what they have been in the past, all he has to do is to sit idly by and say nothing. If you wait on the college presidents or the AAA your pocketbook is in for a raid after it will be too late to complain.

A NEW SOURCE OF RUBBER

As was indicated in the news columns on Saturday, this newspaper is willing to go ahead and make rubber without waiting for the report of Mr. Baruch's committee of college presidents.

The raw material we propose to use is a by-product of our paper mills, known as sulphite liquor. The sugars in it can be fermented and turned into alcohol, the alcohol into butadiene and the butadiene into rubber. It has long been known that the alcohol could be made from sulphite liquor. We have reason to believe that our chemists have found a better process than was known before and this method has been placed at the disposal of all paper makers. If it is generally employed it will produce enough alcohol to make about 10 per cent of the synthetic rubber called for in the government's program.

We can make alcohol to be sent to other plants for conversion to rubber or, as our chemists would prefer, we can do the whole job from first to last. We are ready to risk our own money in the process and take the chance of losing it. We can start as soon as the government will grant priorities for the purchase of a limited amount of equipment required.

Unlike petroleum, grain and coke, the raw materials which are generally relied upon for the making of synthetic rubber, sulphite liquor is not needed for any other war purpose. The rubber which might be made from it would not reduce the food supply, the fuel supply or the supply of anything else which might be useful in winning the war. The quantity of equipment required would be relatively small because steam and power are available at the mills together with storage capacity and technical skill. If the government will give us the green light, we shall do our part.

—Chicago Tribune

HERALD WANT AND SALE ADS PAY

The first good news out of the Pacific war zone reached the public this week when the American forces took offensive and made a wonderful showing. The Pacific theatre has not had sufficient men or equipment to meet the Japs until late. McArthur is similarly located in Australia with a handful of men and little or no equipment to carry on an aggressive campaign. Give McArthur 500 planes and a safe prediction can be made that he can round the Japs from all American territory. McArthur has made good on every chance he has taken and only needs more support at this time.

The situation with India demanding independence and release from England is much after the fashion in which our forefathers in Ireland and Scotland when they refused to be bound and gagged by the English monarchs and came to this country seeking a new freedom from religious intolerance and "taxation without representation," not being permitted a voice in the government.

Whether India with her millions of population, only a few of whom can understand English, is capable of self government is another question. The fight of certain leaders in India for independence from English rule due to oppressive taxation, has covered a period of years. The leader with the greatest following is Ghandi who has received more education and understands democratic government. He has suffered imprisonment for months under English authority but refused to give in for his people. With non-violence and riots and Ghandi again in prison, it is hard to predict just what will happen in that country. England refuses to consider independence at this time. She has proved unfaithful in past promises and India refuses to accept any future promise. For that matter the nations of the world have little faith in what England promises. She wants the taxes and will go to any end to keep the educated as well as the ignorant under tax oppression. Unless the other nations point a finger of scorn at the Churchill government India will continue to be a slave state for England and no different than what Japan is trying to do to make China her puppet state.

One thing is certain the Republicans had a favor conferred on them when Wendell Willkie, a reformed or converted Democrat, was defeated as the Republican nominee for president. Willkie still tries to cling to the Republican contingent but he is far from having any great influence. He is an international socialist which is but one step from being a Roosevelt Communist. Willkie tries to hold to the Republican label while Roosevelt hides behind the Democratic donkey. The Republicans in the main do not endorse Willkie's ideas of internationalism any more than his Rush county farm neighbors back him in supporting the AAA program. There is no fan-fare among Indiana farmers when Willkie returns to visit his farm neighbors. Another Indiana farmer on the ice list is Sec. Wickard. Not so long ago an Indiana farmer stated: "Wickard of Indiana is not the Wickard of New Deal fame in Washington."

The second front. Should it be in Europe or is it in the Atlantic near our shores? Monday news dispatches say the total loss in ships in that body of water is 419, at least that is the number made public as of a certain date. It was only last week that Roosevelt presented the Queen of Holland one of our destroyers that is needed to protect our East coast shipping. The gift was under "lease-lend". Holland can have little use for one such boat when she is now surrounded by German war craft. We will continue to build more ships to be given away and the nation will be taxed heavier to pay for the gifts while German subs make sure the second front is at our door.

A peculiar situation bobbed up last week in Missouri according to a St. Louis paper. Months ago the New Deal wanted the Pendergast Democratic leaders all sent to jail for corruption in state and municipal affairs. Several leaders were jailed and then pardoned. Pendergast and his state machine took the Democratic primary, stock and barrel, according to reports. News comments are that at the last minute there was a last minute jump of New Dealers on the Pendergast band wagon leaving a lot of so-called reform candidates exposed to public view as badly defeated patriots in the cause of good government. One of these was Russell Greiner, Kansas City, formerly a resident of Xenia. Now that Roosevelt has taken control of New York's Tammany Hall, once a den of vice and political corruption, the institution is being used as of old in the fight against James M. Farley and his candidate for governor. Reports we get is that Roosevelt has injected the religious issue just as he

did against Farley when he forced Jim to the ropes in the last presidential nomination.

One thing that should be demanded of every citizen who submits his name for any public office and that is he should be made to give some family background as to nationality and how long he has been a resident of this county. Today we have many in national life that sail under adopted names and fear the use of their Christian family name becoming known. New York state has more such situations than any other state. The American voter should know who are the "inoffs and the enskys" on the ballots. In many sections the Anglo-Saxon name carries a European background that is not in keeping with the teachings of our Pilgrim fathers.

Conscience Must Have Troubled Thief

Miss Katherine Fink, Dayton, summer student in Cedarville College, recently had her auto robbed of clothing, camera and pocketbook at Clifton Cliffs. Monday she received the clothing and camera by mail from Springfield. A ten dollar bill had been replaced with two fives. The theft had been reported to city police by Marshal Marshall.

To Campaign For F and G Bonds

Judge Frank L. Johnson, chairman of the Greene Co. treasury victory fund committee, presided Thursday evening at a dinner meeting with 100 citizens present at Geyer's in behalf of the coming sale of F and G war bonds, which is separate from the campaign for the sale of E bonds. K. G. Smith of the Winters National Bank, Dayton, was the speaker.

Farm Bureau Field Day Is Canceled

COLUMBUS—Ohio Farm Bureau officials Monday announced cancellation of this year's state-wide farm bureau field day, an annual event that attracted 30,000 farm residents last year to the Ohio State Fair Grounds. The war-time need for conserving transportation facilities was given as the reason for the cancellation.

Greene County Passes Bond Purchase Quota

Greene Co. actually purchased \$222,796 worth of war bonds in July, a figure \$69,796 over the quota for the month, according to a report by Chairman F. L. Johnson. To the \$170,000 in "E" bonds previously announced as the total for July, the final report from the Federal Reserve System showed an additional \$52,396 worth of "F" and "G" bonds.

Deadline Is Lifted On Canning Sugar

According to OPA, quoted by the Columbus Citizen, housewives can now apply for canning sugar anytime in the state and the public urged to can as much fruit as possible. Only one pound for each four quarts of fruit will be issued. In this county sugar applications are issued each Thursday here, or at headquarters in the court house in Xenia.

What You Buy With WAR BONDS

Winter flying jackets for both the Army and Navy Air Corps are regular equipment for our aviators. They cost from \$12 to \$18 and are made of horsehide leather lined with sheep shearing.

Purchase of one \$18.75 War Bond, for which you receive \$25 in 10 years, will pay for one of these jackets so necessary for our airmen flying at high altitudes and in northern climates. So you and your neighbors can do your bit by investing at least 10 percent of your salary every pay day in War Bonds to help pay the cost of this equipment for intrepid American flyers. Join the parade, and help top the War Bond Quota in your county. U. S. Treasury Department

Opens At The Xenia Theater Sunday

Tyrone Power and Joan Fontaine take the leading roles in this up-to-the-minute drama, "This Above All," one of the greatest love stories of today, which opens at the Xenia Theater, Sunday.

WHAT TO DO IN AN AIR RAID

5. STAY AWAY FROM WINDOWS

Glass shatters easily, so stay away from windows.

Don't go to windows and look out, in an air raid. It is a dangerous thing, and helps the enemy. The Air Raid Warden is out there watching for you. Again we say, get off the street if planes come over.

At night, there is danger of being caught in blast from explosives.

Antiaircraft fire means falling shrapnel. You are safe from it indoors, away from windows. It's more important to shell a plane than it is to see it from a window. Do not say we are repeating; we would rather repeat until we bore you than have you forget.

Stay in your room, away from windows. That is the safest place. Go there at the first alarm; stay there until the all clear.

Above all, keep calm. Stay home. Put out lights. Lie down. Stay away from windows.

You can do all those things without any special equipment, other than what you have now in your home.

You can help lick the Japs, with your bare hands, if you will do just those few, simple things.

Be a good fellow and follow instructions and keep well.

Do not be a wise guy and get hurt.

Washington Letter

(Continued from first page)

of last year. Farm prices during the past year have risen an average of nineteen and five-tenths percent.

In Washington and many other larger cities of the East householders are being faced with a meat shortage. At times it has been impossible to buy fresh pork and many cuts of beef, while bacon and ham are available only in limited quantities. Price fixing policies are said to be responsible for this situation, as many small packers insist they are being forced to pay high prices for livestock, while at the same time being required to sell meat products at ceiling prices fixed by O. P. A. Department of Agriculture officials call the situation a temporary one and are giving assurances that a plentiful meat supply will be available soon. Pork production on the farms of the nation is now at the highest point in history and the heavy seasonal marketing of hogs will soon be under way.

Wine and Gray

Wine and gray checked cotton gingham makes this jacket dress for town wear. There are interesting details that give this stunning outfit distinction. The beautifully cut jacket has bias bands of the gingham on pockets and cuffs. The bias idea is carried out, also, in the pleated skirt and the jabot. A very significant detail is this jabot, for it is an innovation for it to be of self fabric. This technique has been used successfully by a leading designer for lightweight cloth suits.

What You Buy With WAR BONDS

Tractors and motors will never wholly replace the Army Mule as a factor in the mobile units of our army. The Army Mule is a tradition and the "mule skinner" is a breed unto himself. Army Mules are used by the Field Artillery and the Cavalry in areas where the terrain is rough and tractors cannot operate.

Pack trains in mountainous sectors are often necessary and here the mule, slow but sure-footed, plays an important role. Our Army buys thousands of mules paying from \$175 to \$190 for each. The mule eats less, carries more, and some declare is smarter than the horse. Your purchase of War Bonds and Stamps helps pay for these Army Mules. Invest at least ten percent of your income in War Bonds every day.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

ISAAC PRACTICES PEACE

LESSON TEXT—Genesis 26:12-31. GOLDEN TEXT—Blessed are the peacemakers: for they shall be called the children of God.—Matthew 5:9.

To talk peace in a warring world seems almost futile, and so it is, unless it be the peace of God. In a world largely dominated by the philosophy that might makes right, and in which men demand what they call their rights, talking peace even by lawless and violent methods, it is increasingly difficult to proclaim the truth that patience and meekness are not weakness, but are Christian virtues worth emulating. The story of Isaac is interesting from beginning to end. He was an ordinary man, one of the common people. He had come through varied experiences of victory and defeat before the time of our lesson. Fearing a famine, and apparently not trusting God at the moment, he had gone down from the promised land to the country of the Philistines, there redigging the wells which his father, Abraham, had dug. The result was that he prospered. Ere long, however, envy on the part of his enemies taught Isaac that—

I. Peace in This World Is Temporary (vv. 12-21). Isaac had prospered, but he was still out of the promised land, and while he was in the land of Philistines he could expect no permanent peace.

We are in the world. We long for peace, and would throw all our influence and service into the cause of bringing a righteous peace to the troubled peoples of the world. But let us not be misled by the desire into the support of unscriptural and impossible peace programs. This world is a sinful world, and as long as that is true, there will be strife and war, that men (as James puts it) may have the gains thereof for their own pleasure.

Our business in such a world is to preach the gospel of grace, winning men to Christ, that they may become men of good-will. Isaac was a man who tried to win peace what seemed to be his right, rather than cause contention. Undoubtedly there are times when one must defend his name and his possessions, but all too often those who do "stand for their rights" have wrecked homes, churches, and nations, and have gained nothing but an empty victory.

The peace of this world is temporary. Is there then no real abiding peace and joy?

II. Abiding Joy Is Found in Fellowship With God (vv. 22-25). When Isaac came up into Canaan, the land which God had promised to him, he found real peace and an abiding joy in renewed fellowship with God. Even so, the Christian man and woman who will step out of a spiritually destructive fellowship with the ungodly world and come over wholeheartedly into the spiritual Canaan of full consecration and separated living, will find true peace and satisfying communion with God.

Our thought, however, has wider application—one much needed today. There is to come a time when this world will have true and abiding peace which shall cover the earth like the waters cover the sea. When the One who has the right to reign, the Lord Jesus Christ, returns to take His throne, then, and not before, will there be true peace. We await that day with longing which grows more intense as men grow more violent in their hatred. But is there nothing more we can do? Yes, we learn from Isaac's experience that—

III. A Godly Life Is a Testimony to Warring Men (vv. 26-31). These men were wicked men, even speaking falsehood in their claim of friendship toward Isaac (v. 26). Now that they perceived that God was continually blessing Isaac in spite of their repeated injustice toward him, they decided that it would be well to make a covenant of friendship with him. Even those who follow the way of war and aggression cannot deny the effectiveness of true Christian testimony.

Observe also that by his patience and kindness Isaac ultimately made friends out of his enemies. "It is better to turn enemies into friends than to beat them, and have them enemies still." And so this man with the patient, self-sacrificing spirit brought peace not only to himself, but to those about him, because he believed and trusted God. "When a man's ways please the Lord, he maketh even his enemies to be at peace with him" (Prov. 10:17).

What can we do to bring peace today? We can pray that God will help America and her allied nations to turn to Him in repentance of sin, and in a desire to so honor His name that He may be able to give His blessing. When Hezekiah spread before the Lord the threat of his enemy, God undertook for him in a mighty way, because his heart was right toward God (Isa. 37:14-20). Will he do less for us?

Bomb 'em with JUNK

Let's blast Japan—and Germany—and Italy—with the chain lightning of destruction that can be built from the scrap in our cellars, attics and garages, on our farms and in our places of business.

Scrap iron and steel, other metals, rubber and waste materials. It will all be used to make tanks, ships, planes and the fighting weapons our boys must have. It is needed at once.

Sell it to a Junk dealer—give it to a charity or collection agency—take it yourself to the nearest collection point—or consult the Local Salvage Committee. . . . If you live on a farm, and have found no means of disposing of your junk, get in touch with the County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!

This message approved by Conservation Division WAR PRODUCTION BOARD

This advertisement paid for by the American Industries Salvage Committee (representing and with funds provided by groups of leading industrial concerns.)

Local Salvage Committee—Phone 1-1792

JUNK NEEDED FOR WAR Scrap Iron and Steel

Needed for all machines and arms of war. Fifty per cent of every tank, ship and gun is made of scrap iron and steel.

Other Metals—Rubber—Rags—Manila Rope—Burlap Bags

Needed for making bombs, fuses, binoculars, planes; tires for jeeps; gas masks; barrage balloons; wiping rags for guns; parachute flares; insulation for electric wiring.

WASTE COOKING FATS—When you get a pound or more, strain into a large tin can and sell to your meat dealer. NEEDED ONLY IN CERTAIN LOCALITIES—Waste paper and tin cans—wanted only in certain areas, as announced locally. NOT NEEDED (at this time)—Razor blades—glass.
